Dear Marilyn,

We are pleased to inform you that you have received the support of the Henderson Police Officers' Association, an organization that represents approximately 350 police and correctional officers for election to Nevada Assembly District 5.

We are confident that you will serve with the same degree of commitment and devotion to duty while in the private sector into public service.

On behalf of all the law enforcement professionals we represent, I wish you the best of luck. Please know you can count on us for whatever you need to be successful in your campaign.

Sincerely,

Darrell Wade
President
